

TFW

Dear Ms. Nina,

I'm Dr. Amr AL-Hossary, the inventor of the myoglobin trapping filter mentioned in application number 10578673.

I would like to introduce the amended claims as response to our last interview through phone. Here is the list:

- 1) I amended claim #1 so as not to be mixed with the other mentioned applications (Cordon et al & Walker et al), please feed me back if the amendment is not enough.
- 2) In claim #3, the phrase "or until myoglobin saturation in blood is reduced to an affordable value" is removed.
- 3) Claims 3-9 now depend on claim #1 only.

Please refer to the **Details** section in my application (on page 8) for any explanation needed.

Also I would like to show my welcomes to any correction for the spelling mistakes like the word "cheep" on page 9.

Finally, I am thankful for your help through all this process.

Amr Ali AL-Hossary
